RE: Water Street Closed to ALL Traffic;

Douglas City officials announced today that repairs to Water Street will begin on Monday, March 29th and road closures will begin on Thursday, March 25th. As a result, Water Street, between Wiley Road and Center Street, will be closed and all traffic must detour to Blue Star Highway. Portions of Water Street will be entirely impassable to all motor vehicles during the construction process.

It will not be possible to travel between downtown Douglas and Wiley Road via Water Street for the entire duration of the construction activity. The road closure will begin on Thursday, March 25th and is expected to remain in place for several weeks.

All vehicles travelling through Douglas, from the Blue Star Bridge to Wiley Road, or from Wiley Road to the Blue Star Bridge, must use Blue Star Highway. Downtown Douglas will remain accessible from the north via Main Street and Union Street, and from the south via Blue Star Highway and Center Street.
